

BHUPATHI RAJU RISHITA

rishita.bhupathiraju01@gmail.com — +91 7032918389 — LinkedIn — GitHub

CAREER OBJECTIVE

Computer Science student with skills in Python, Machine Learning, Data Science, and web development. Hands-on with data preprocessing, exploratory data analysis, model evaluation, and hyperparameter tuning, along with experience developing practical machine learning applications. Passionate about learning new technologies and applying technical knowledge to solve practical, real-world problems.

EDUCATION

DRK Institute of Science and Technology, Hyderabad <i>B.Tech., Computer Science and Engineering (AI/ML)</i>	<i>2023-2027</i> CGPA: 7.58
Sri Chaitanya College, Hyderabad <i>Board of Intermediate Education, Telangana</i>	CGPA: 9.2
Radcliffe School, Hyderabad <i>Central Board of Secondary Education</i>	CGPA: 6.3

TECHNICAL SKILLS

Programming	Python, JavaScript, C, Java
Database	MySQL, SQL
Machine Learning	Scikit-learn, Regression, Classification, Decision Trees, Random Forest, XGBoost, Model Evaluation, Hyperparameter Tuning, GridSearchCV
Data Science	NumPy, Pandas, Matplotlib, Data Cleaning, Exploratory Data Analysis (EDA), Feature Engineering
Web Development	HTML, CSS, Flexbox, CSS Grid, Bootstrap, Responsive Web Design
Tools & Platforms	VS Code, Google Colab, Gradio
Version Control	Git, GitHub

PROJECTS

Movie Recommendation System

- Engineered a content-based movie recommendation system using genre, keyword, cast, crew, and overview metadata to model similarity between titles.
- Implemented CountVectorizer for text feature extraction and cosine similarity scoring to generate the top 5 most relevant movie recommendations per query.
- Deployed an interactive Gradio interface enabling real-time, user-driven recommendations without requiring code execution.

Customer Churn Prediction

- Designed and benchmarked customer churn classification models using Decision Tree, Random Forest, and XGBoost algorithms on structured customer data.
- Optimized Random Forest performance using GridSearchCV with 5-fold cross-validation for systematic hyperparameter tuning.

CERTIFICATIONS & ACTIVITIES

GenAI Powered Data Analytics Job Simulation Certificate of Completion, September 2026	<i>Tata & Forage</i>
Smart India Hackathon (SIH) Collaborated with a cross-functional team to design and develop a technology-based solution addressing a real-world problem.	<i>Participant</i>
ZENTRON 6-Hour Hackathon <i>DRK Institute of Science and Technology</i>	<i>Participant</i>
